## Drum Units

- **Gen 1.3 55 Gal Drum NO Agitation**
- #90000

- Includes 1<sup>st</sup> gen remote, waterproof cover
- Not iMist-ready

\$1005.00

- **Gen 1.3 55 Gal Drum WITH Agitation**
- #90155

- Includes 2<sup>nd</sup> gen remote, waterproof cover
- Not iMist-ready

\$1,140.00

- **Gen 1.3 55 Gal Drum WITH Agitation and Leak Detection**
- #80100

- Includes 2<sup>nd</sup> gen remote, waterproof cover
- iMist-ready

\$1,205.00

- **Gen 1.3 125 Gal Drum WITH Agitation**
- #90355

- Same control unit & pump as 55 Gal Gen 1.3
- Larger tank to extend replenishment cycle
- Includes 2<sup>nd</sup> gen remote, waterproof cover
- Not iMist-ready

\$1,895.00

- **Gen 1.3 125 Gal Drum WITH Agitation and Leak Detection**
- #80300

- Same control unit & pump as 55 Gal Gen 1.3
- Larger tank to extend replenishment cycle
- Includes 2<sup>nd</sup> gen remote, waterproof cover
- iMist-ready

\$1,960.00

## Accessories for Drum Unit

- **Gen 1.3 55 Gal Nozzle Circuit Filter**
- #29013

- Installed on misting unit with bracket, protects nozzles from fouling
- Filter element (\$3) should be changed annually

\$53.00

- **Gen 1.3 125 Gal Nozzle Circuit Filter**
- #29125

- Installed on misting unit with bracket, protects nozzles from fouling
- Filter element (\$3) should be changed annually

\$53.00

- **iMist3 Module**
- #16300

- Enables monitoring and management over smartphone app and website
- Communicates via a built-in cellular connection

\$160.00

- **Gen 1.3 Zone Kit**
- #20071

- Allows you to use one unit instead of two if nozzle circuit is larger than about 80 nozzles

\$215.00

## Tankless Unit

- **Gen 3 Tankless – includes agitation and leak detection**
- #90500 (120V/60Hz)
- Finish kit includes 2<sup>nd</sup> Gen remote, PlusCap for tip and measure bottle, faucet adapter, 25' of 3/8" water line, water line filter
- iMist-ready

\$1,690.00

## Accessories for Tankless Unit

- **Gen 3 Nozzle Circuit Filter**
  - #29040
  - Installed on misting unit with bracket, protects nozzles from fouling
  - Filter element (\$3) should be changed annually
- \$53.00

- **Empty Tip and Measure bottle**
  - #10340 – 1 gallon
  - #10353 – ½ gallon
  - You transfer concentrate into bottle
  - Tip and measure ports allow bottle to vent
- \$10.00

- **Hose Y for Gen 3**
  - #10095
  - One port serves Gen 3, the other preserves the faucet for use of a garden hose
- \$22.50

- **iMist3 Module**
  - #16300
  - Enables monitoring and management over smartphone app and website
  - Communicates via a built-in cellular connection
- \$160.00

- **Gen 3 Zone Kit**
  - #20073
  - Allows you to use one unit instead of two if nozzle circuit is larger than about 80 nozzles
- \$255.00

## Nozzles & Risers

- **Slimline Nozzle – 45 deg**
- #20048

- Installed every 10 ft on fence, wall or eave
- Requires a ¼” union tee
- Sold in bags of 10

\$80.00

- **Slimline Nozzle – straight**
- #20045

- Installed every 10 ft on fence, wall or eave
- Requires a ¼” union tee
- Sold in bags of 10

\$80.00

- **30” Riser Assembly**
- #50530

- Include all components to assemble riser – 45 deg nozzle, union coupling, 30” copper riser, union tee, stabilizer
- Sold in packs of 10

\$233.00

- **15” Riser Assembly**
- #50500

- Include all components to assemble riser – 45 deg nozzle, union coupling, 30” copper riser, union tee, stabilizer
- Sold in packs of 10

\$209.50

- **Commercial Riser Assembly**
- #54000

- Include all components to assemble riser – 45 deg nozzle, riser union, 24” anodized aluminum riser, hardened tip, union tee, 26” black tubing
- Sold in packs of 10

\$250.00

## ¼" Push-to-Connect Fittings

- **Union tee ¼"**
- #10185

- Require 1 per structure nozzle
- Plan for 4-6 extra per installation for internal branches
- Sold in bags of 10

\$32.50

- **Union elbow ¼"**
- #10180

- Use in eaves to make 90 turns rather than kinking tubing.
- Plan 4-6 per standard installation
- Sold in bags of 10

\$32.50

- **Metal Plug ¼"**
- #10265

- Use to plug union tee ¼" in terminal nozzle on a run.
- Plan 2-3 per standard installation
- Sold in bags of 10

\$26.75

## ¼" Tubing & Clamps

- **¼" Nylon Tubing**
- Black - # 10360
- Tan - #10368
- White - #10366
- Gray - #10367
- Cocoa - #10369
- Natural - #10365

- 10 ft per nozzle standard
- Sold in 500 ft roll

\$113.00

- **Dynaclamp ¼"**
- White - #10223
- Natural - #10227

- Includes screw, clamps tubing to surface - 1 clamp every 2 ft
- Sold in bags of 100

\$11.00

- **Nylon Clamp – 3/8"**
- Black - #10210
- Natural - #10215

- Clamps nozzle/fitting to surface – 1 clamp per structure nozzle
- Sold in bags of 100

\$11.00

## 3/8" Pressure Boost Components

- **3/8" Black Tubing**
- #10370

- Used in pressure boost line or to protect 1/4" line on tree nozzles
- Sold in 500 ft roll

\$231.75

- **Reducer – 1/4" x 3/8"**
- #10434

- Joins 1/4" tubing to 3/8" union coupling or 3/8" union elbow
- Pressure boost line requires a reducer and either a 3/8" union coupling or 3/8" union elbow at each end of the boosting line

\$4.50

- **Union Coupling 3/8"**
- #10179

- Requires reducer to join 1/4" tubing to 3/8" tubing

\$4.55

- **Union Elbow 3/8"**
- #15010

- Requires reducer to join 1/4" tubing to 3/8" tubing

\$6.00

## Concentrates

- **Sector – case of 1 gallon bottles**
- #10333

- Ingredients – 10% synthetic permethrin, 10% PBO synergist
- Transfer to 1 gallon tip and measure bottle for use in Tankless unit
- Sold in cases of 4 x 1 gal bottles
- Discounts
  - \$50 per case for orders of 2-4 cases
  - \$80 per case for orders of 5 or more cases

\$515.00

- **Aqua-Kontrol – 1 gallon bottle**
- #10343

- Ingredients – 30% synthetic permethrin, 30% PBO synergist
- Transfer to 1 gallon tip and measure bottle for use in Tankless unit
- Sold in individual 1 gallon bottles
- Discounts
  - \$10 per case for orders of 3-9 gallons
  - \$30 per case for orders of 10 or more gallons

\$225.00

## Tools

- **Tube Cutter**
- #10385

- To make non-crimping clean cut on tubing

\$7.50

- **Tube Release Tool**
- #10390

- To remove tubing from fittings

\$12.00

- **Pressure Tester**
- #28000

- Plug tester into tee on nozzle circuit to read pressure
- Goal is minimum 200 psi, per Pressure Engineering Rules

\$15.00

- **Slimline nozzle wrench set**
- #25070

- Used to disassemble and reassemble slimline nozzles during rebuilding

\$11.50

- **Winterization Air Compressor Adapter**
- #20052

- Used in purge fluid from nozzle circuit during winterization
- Connect to portable air compressor

\$8.25

## Service Parts

- **Union Coupling ¼"**
- #10175

- Repair leaks in ¼" tubing
- Sold in bags of 10

\$32.50

- **Replacement Nozzle Tip**
- #10195

- To swap for clogged nozzles
- Clean then rebuild with balls and springs (\$0.42 apiece)

\$45.00

- **Nozzle Ball and Spring**
- #10197

- Rebuild clogged nozzles
- Sold in bags of 100

\$41.50

- **Nozzle Circuit Filter Element**
- #16020

- Replacement element for nozzle circuit filter
- Replace element annually
- Sold in packs of 5 elements

\$15.00
